

Familia puma

UNA SEMANA hasta las vacaciones de Acción de Gracias y tenemos mucho trabajo por hacer. Por favor asegúrese de revisar las calificaciones de su hijo semanalmente y de que se envíe todo el trabajo. Si su hijo seguirá siendo virtual o pasará al aprendizaje virtual a partir de enero, necesitamos que complete el [forma virtual](#). Tendremos que seguir practicando el distanciamiento social y asegurarnos de que todos los [estudiantes usen](#) máscaras y traigan [Chromebook cargado diariamente](#) para reducir los recursos de papel. Recuerde, los estudiantes virtuales continúan ingresando a sus clases diariamente [siguiendo el horario normal de timbre](#). Todas las actividades en línea son monitoreadas y las políticas disciplinarias normales están vigentes durante la escuela virtual.

La oficina principal estará disponible SOLAMENTE de 8-1:45 debido a la entrega y recogida de viajes compartidos. Debemos asegurarnos de que podemos prestar toda nuestra atención a la evaluación de los estudiantes a medida que llegan y la seguridad de los estudiantes a través de la línea de transporte compartido. Seguirán estando disponibles para responder todas las preguntas y abordar todas las inquietudes por teléfono del 7-3. Las entregas, las cuotas escolares, el horario de recogida y la recogida de Chromebook serán de 8 a 1:45 todos los días en el carril de transporte compartido. Todos los padres deben recordar que no habrá salidas después de la 1:45 debido al horario del viaje compartido. Además, NO podremos enviar mensajes a los estudiantes sobre el cambio de viaje compartido a autobuses o de pasajero de autobús a viaje compartido durante el día. Asegúrese de usar una máscara y mantenerse a una distancia de 6 pies para garantizar la seguridad de todos.

Sinceramente,

Sra. Boyd, Directora

Parental Consent Form for Universal Social, Emotional and Behavioral Screener

All students enrolled in public schools in Louisiana are afforded protection of student records under the Family Education Right to Privacy Act (FERPA). Every public school district is required to implement processes to protect the privacy of personally identifiable student information and restrict sharing of that information. LEAs are only able to share personally identifiable information about students with others as long as the data sharing meets one of the law's limited exceptions as described in the Policy Guidance.

In accordance with the legislation, LEAs: (1) are prohibited from requiring the collection of non-academic data about students such as political affiliation and religious practices; (2) are permitted to share personally identifiable information under specific circumstances (e.g. LEA officials with a legitimate educational interest; Specified officials for audit or evaluation purposes; to appropriate officials in cases of health and safety emergencies.); (3) are prohibited from allowing anyone to access student information that is stored by schools or LEAs except authorized stakeholders such as parents, teachers, principals, superintendents, or a person authorized by the state to audit student records.

Louisiana School Well-Being Support Services

All Louisiana schools have been asked to administer a universal social, emotional and behavioral screener to all students in order to assess the impact, if any, of the COVID-19 pandemic on the well-being of students and to provide appropriate interventions and referral to external services. Universal social, emotional and behavioral screeners are informational and not diagnostic. The data that will be collected will include screening results and personal information, such as age, gender, and race/ethnicity. All information will be kept confidential and in accordance with student safeguards defined by the Family Educational Rights and Privacy Act (FERPA) and LA Revised Statute 17:3914. Your permission is required, pursuant to the Protection of Pupil Rights Amendment (PPRA), to begin the screening process (see attached Permission page). You also have the right to inspect, upon request, the screening instrument and any questionnaires before they are administered or distributed to your child. You may choose to allow your child to be administered a screener or not and may choose to withdraw your permission at any time. For the purposes of administering a universal social, emotional and behavioral screener, data collection is defined as questionnaires, interviews with your child's teachers or other educators, and direct observations in the classroom or other school setting. Your agreement to participate or your refusal to participate in the screening and/or data collection will in no way impact the services your child receives at his/her school.

As part of the universal social, emotional and behavioral screening and referral process, your child might be asked to complete questionnaires and interviews by qualified professionals, or the school staff will complete a screener to identify any potential social, emotional or behavioral issues. If social, emotional or behavioral needs are identified, you will be notified by the school. You must give informed written permission before your child may be provided social, emotional or behavioral services at the school. If necessary, the school will also link you and your child to external behavioral health services in the area.

If your child is involved in the criminal justice system, the court may require us to report to it about his/her participation or progress with consequences if he/she does not follow the court requirement. These risks will be minimized by providing a person for your child to talk to if he/she becomes uncomfortable or experiences any negative consequences from being administered a screener. If you do not wish for your child to continue being supported with social, emotional and behavioral services, you have the right to withdraw him/her from the services without penalty, at any time.
